

HABITAT HANGOUT DESIGNER CHECKLIST ✓

Name: _____

Tips To Consider

Be sure to keep these things in mind as you design your habitat:

- Type of habitat;
- Size of habitat or space needed;
- Lighting (a biotome is a building; everything is indoors);
- Temperature;
- Humidity;
- Animal needs (climbing structures, branches, caves, tunnels, water, plants, hiding or covered area, food, etc.)
- Ventillation.
